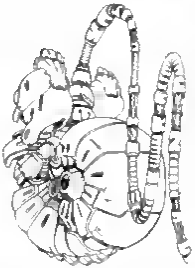
I DON'T CARE IF YOU'RE BECOMING A MONSTER OR A SUPER-HUMAN,
I'M GOING TO STOP YOU EITHER WAY!!
WOMAN! BECOME A MONSTER AND DIE!
I WILL BECOME A SUPERHUMAN AND LIVE!

Chapter 10: Vs. Washio (Part 1)

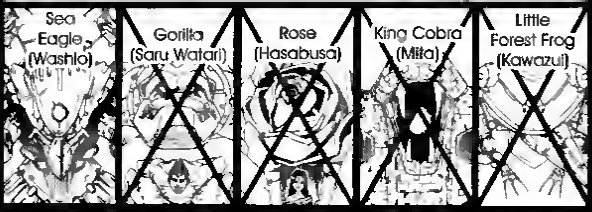
Chapter 10

- Homunculus Briefing -

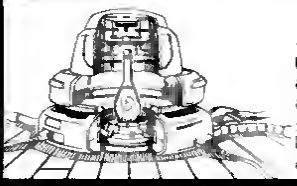


- The cells of living creatures are used as the basis of their creation.
- The "homun" has the shape of a 3 cm embryo. It won't survive more than a day outside a closed and confined space.
- It lives off a human's brain, where it consumes the flesh and degenerates the whole body, transforming the body into a monster.

- Once a human's spirit is killed, a creature's spirit replaces it (the ability of the plant or animal blends with the human mind)
- Although their main food source is humans, they eventually becomes omnivorous and can devour other foods as well.
- It is impossible to destroy them except with the power of "renkin-jutsu". Semi-immortal, they can be damaged, but they regenerate quickly.



Vs. Washio (Part 1)



Human-type Homunculus

- A homunculus based on a human, where the human spirit and body is maintained and semi-immortality is obtained. However, eating humans is unavoidable.
- This concept will be used to give Choune a new life. This homun will be tested in two days, after its completion.
